**Notification of Blasting Operations**  
**Proposed Development – 70 Nicholas Street**  
**Ottawa, Ontario**

To Whom It May Concern:

[patersongroup.ca](http://patersongroup.ca)

Please be advised that blasting operations are expected to commence the week of November 27, 2023 at 70 Nicholas Street, weather permitting, by Groupe Blastforce Canada.

Blasting operations are expected to be carried out for approximately three (3) months. Blasting will be conducted intermittently Monday through Friday between 7:00 am and 5:00 pm. All blasting vibration levels are being carefully monitored to ensure compliance with applicable guidelines and regulations and to alleviate the possibility of damage to nearby structures.

Prior to each blast, the blast site will be cleared of all persons and secured. This will be followed by a series of warning whistles that will be sounded to alert all persons in the vicinity:

- **12 SHORT WHISTLES – 30 seconds prior to blast**
- **1 LONG WHISTLE – Blast is all clear**

We wish to express our sincere appreciation in advance for your cooperation and understanding during this construction period.

Sincerely,

**Paterson Group Inc.**
